Highlights

New Look for OrangeHRM Website

OrangeHRM, boosted its visual image with the “Oranges Theme” by launching a new website with enhanced and extended features. This has generated the option for the OrangeHRM community to enjoy the features of the new added Add-ons & Plug-ins section. The overall layout has been refreshed and redesigned to suit the competitive offering.

What's Upcoming

Application of webinars for the benefit of OrangeHRM Community

Webinars are a type of web conferences. Although many times a webinar is a one way transmission of information, generally a slide show from a presenter to an audience who are attending over their personal computer, it can be designed to have elements of interactivity

Community Point System

OrangeHRM thrives for its community. Day by day we are climbing up with the no.of downloads and our community is vastly expanding. To appreciate all the support given from you we have decided to launch a “community point system”, where you will be rewarded for certain activities that you perform on behalf of OrangeHRM.

New Version 2.3

OrangeHRM is getting ready to come up with new modules in version 2.3. Stay alert for the release.

Stay tuned for further news

Thank you all for your continuous encouragement and support!
