1.0 Audience

This document is intended as a complete guide for ESS-User in using OrangeHRM 3.0. This document is specially designed for non-specialists; specialists may find the document a useful point of reference. By reading this guide, you will learn how to use OrangeHRM through the elements of the graphical user interface and what's behind some of the advanced features that are not always obvious at first sight. It will hopefully guide you around some common problems that frequently appear for users of OrangeHRM.

2.0 The System

Log in to the OrangeHRM System using your ESS-User account that has been created by the HR Admin as shown in Figure 1.0.

5.0 Time Module

The module automates time tracking related processes of an ESS-User. The functionality of this module is to allow the ESS-User to enter and submit their timesheet and enter their punch in/punch out time which enhances the organization's performance by eliminating paperwork and manual processes associated with time and attendance needs.

The ESS-User will be able to view the following in the Time Module which will further be explained in detail:

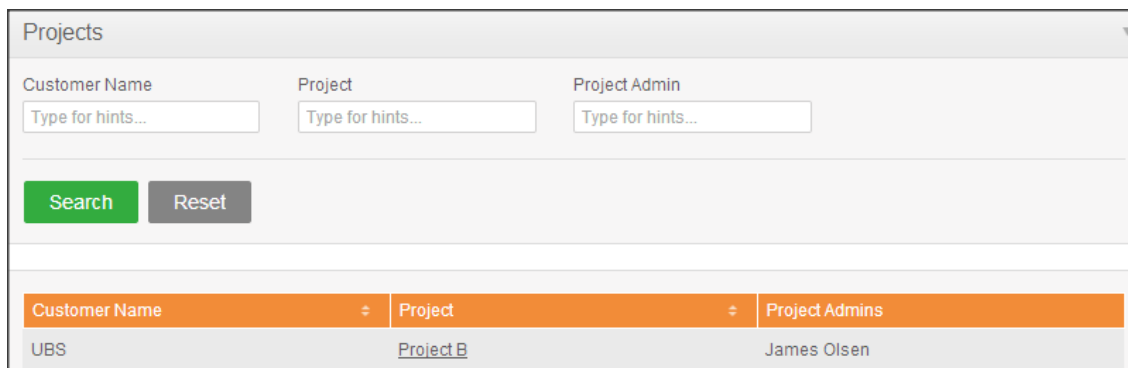

- Project Info
- Timesheet
 - My Timesheet
- Attendance
 - My Records
 - Punch-In/Out

The ESS User can:

- View project information, and view/edit/add project activities if he/she is the project admin
- Enter, modify and submit personal timesheets
- Enter punch in/out time
- Enter the time events for the activities of the projects he/she is working on

5.1 Project Info

If an ESS user has been assigned to a project as a Project Admin, he/she can access the Admin module to view the projects that he/she has been assigned to and the screen as shown in Figure 4.2 will appear.

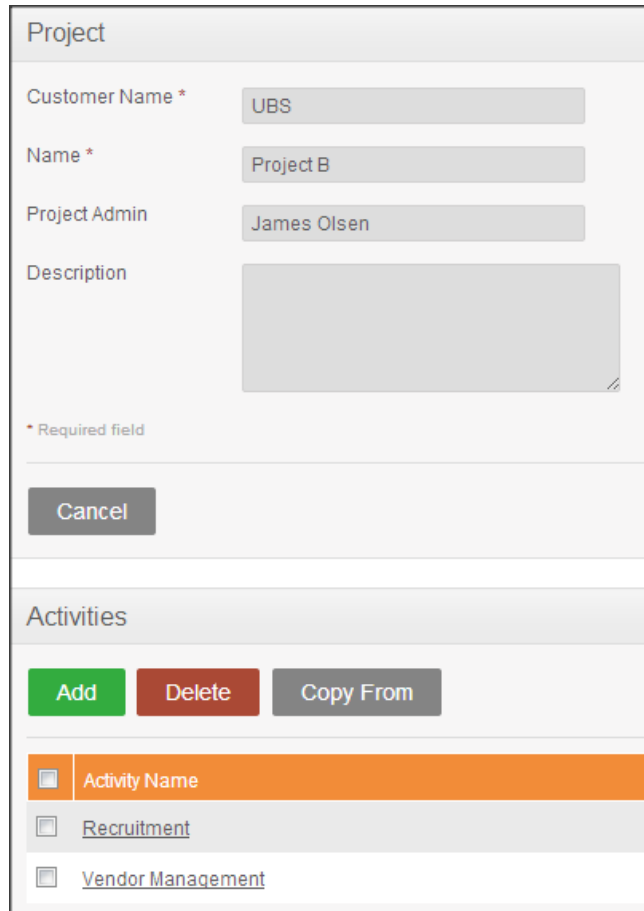

The screenshot shows a web interface titled "Projects". It features three search input fields labeled "Customer Name", "Project", and "Project Admin", each with a placeholder "Type for hints...". Below the search fields are two buttons: a green "Search" button and a grey "Reset" button. At the bottom, there is a table with three columns: "Customer Name", "Project", and "Project Admins". The first row of data shows "UBS" under Customer Name, "Project B" under Project, and "James Olsen" under Project Admins.

Customer Name	Project	Project Admins
UBS	Project B	James Olsen

The Project admin can view the project details by clicking on the relevant Project and the screen as shown in Figure 4.3 will appear.

The screenshot shows a 'Project' form with the following fields: 'Customer Name *' (value: UBS), 'Name *' (value: Project B), 'Project Admin' (value: James Olsen), and 'Description' (empty text area). A legend indicates that fields with an asterisk are required. Below the form is a 'Cancel' button. Underneath is an 'Activities' section with three buttons: 'Add' (green), 'Delete' (red), and 'Copy From' (grey). Below these buttons is a list of activities with checkboxes: 'Activity Name' (checked, highlighted in orange), 'Recruitment' (unchecked), and 'Vendor Management' (unchecked).

Figure 4.3: Project Details

The project admin cannot edit project details. He/she can add project activities by clicking on “Add” and the screen as shown in Figure 4.4 will appear.

The screenshot shows an 'Add Project Activity' form with a single required field: 'Name *' (value: Marketing Campaign). A legend indicates that fields with an asterisk are required. Below the form are two buttons: 'Save' (green) and 'Cancel' (grey).

Figure 4.4: Add Project Activity

To edit a project activity, click on the relevant project activity and the screen as shown in Figure 4.5 will appear.

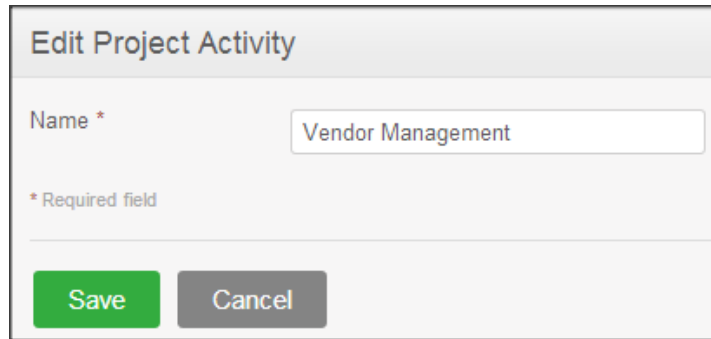

Figure 4.5: Edit Project

You may copy project activities from another project by clicking “Copy From” and the screen as shown in Figure 4.6 will appear. The relevant “Project Name” needs to be entered, after which the “Activities” related to that project will appear. Select the Activity that you wish to copy, and click “Copy”.

Figure 4.7: Enter Timesheet

The current week will populate under the “Timesheet for Week”. You may also add a timesheet for another week period by clicking “Add Timesheet” and another field, “Select a Day to Create Timesheet” will appear in which you can select the first day of the week from the drop down menu and the system will automatically calculate a one-week time period from the date entered as shown in Figure 4.7.

***Note:** Once you have added a timesheet for a specific week, you cannot move from one timesheet of a specific week period to another unless you have entered the details for the current one that you have opened.

Once you have determined the week period for the timesheet, you can now enter the timesheet details by clicking “Edit” and the screen as shown in Figure 4.8 will appear.

Once the submitted timesheet has been “Approved” the ESS-User will be notified and cannot make any changes to the timesheet submitted.

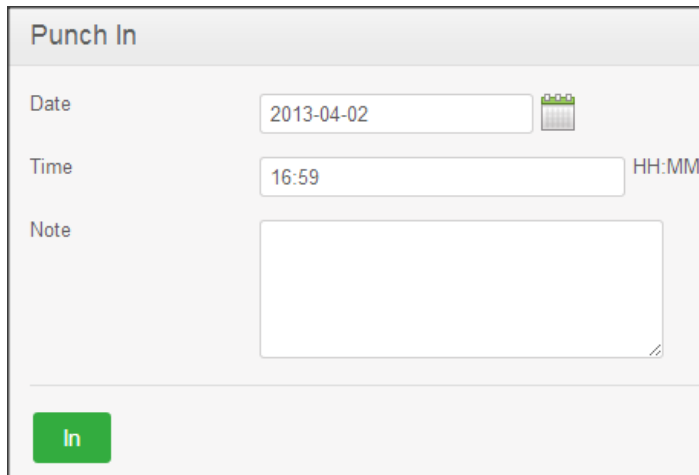

However if the submitted timesheet has been “Rejected”, the ESS-User will be notified and is able to “Edit” the timesheet and re-submit the timesheet for approval.

5.3 Attendance

This feature allows the ESS-User to record his attendance by entering his punch in and punch out time as well as his attendance details.

Punch In/Punch Out

This feature allows capturing the number of hours that you have spent while working for the company. To access the Punch In/Out tab, go to **Time>> Attendance>>Punch In/Out** and the screen as shown in Figure 5.3 will appear.

The screenshot shows a web form titled "Punch In". It contains three input fields: "Date" with the value "2013-04-02" and a calendar icon, "Time" with the value "16:59" and a label "HH:MM", and a "Note" field which is a large empty text area. At the bottom left of the form is a green button labeled "In".

Figure 5.3: Punch In

***Note:** If the HR Admin has configured the attendance settings, the “Time” and “Date” for both punch in/out could be modified, otherwise the system will automatically capture the “system date/time” and it cannot be modified.

Enter the relevant fields and click “In”. The screen as shown in Figure 5.4 will then appear. The details of your last punch in time will be populated below the screen as shown in Figure in 5.4. To punch out, click “Out”.
